

New Sales Manager

We have some exciting news that we would like to share with you all. We have expanded to add another body into Maxi Filtration, with the recruitment of Hannah Young, our UK Sales Development Manager.

Hannah joined our ever-expanding team back in March 2019 and has already proven to be a huge hit with existing and new customers alike.

The sky is the limit for Hannah, well done on your tremendous start. We hope you will join us all in welcoming her.

Growing Service Fleet

Due to popular demand we have increased our Service Fleet expanding our in-house Fitting and Disposal Service and enabling us to deliver the vast majority of products on our own transport.

We pride ourselves on having a great rapport with all of our clients, by providing a friendly and reliable customer service. This also increases our ability of providing a bespoke Fitting and Disposal Service. Our team of filter experts will deliver the filters to site, install the new filters and remove the exhausted filters from site. All certification is provided including Waste Transfer Notes for disposal of exhausted filters.

Vast Product Range

Maxi Filtration are a One Stop Shop for all Air Filtration Products.

We have a vast product range from low capacity panels and filter media, right through to high capacity premium panels/bags and HEPA filters.

Our core product range is manufactured in the UK and fully compliant with ISO 16890 standard, so you can be rest-assured that we have the right product for every budget and application.

To speak to one of our consultants or arrange a free of charge site survey please call 01670 717755 or email info@maxifiltration.co.uk
